The Massachusetts Energy Marketers Association (MEMA), established in 1955, is recognized as one of the leading heating oil and renewable BIOHEAT fuel trade associations in the country. MEMA is engaged in all activities and programs impacting businesses providing home and commercial energy products and services. MEMA is a key participant in all state and federal legislative and regulatory matters, National Oilheat Research Alliance programs in Massachusetts, efforts to combat utility competition, and helping members improve their businesses through continued education.

MEMA is a non-profit association, but to ensure MEMA's operational strength, the association's Board of Directors has established a dues structure for all retail heating fuel/diesel/propane companies, wholesale petroleum suppliers, biodiesel producers and distributors and companies providing goods and services to the industry.
